## Our School

Randlay Primary School & Nursery is a 3 to 11 primary school situated in the south of Telford. We are fortunate to be ideally situated for local amenities such as Telford Town Park, the ice rink and Telford shopping centre, as well as having good transport links by being near to the bus station, railway station and local road networks.

We are the only school in the district of Randlay, drawing children from a diverse mixture of socio-economic backgrounds which serves the community. A large number of children travel from other parts of Telford to attend the school. There are currently 327 children on roll, plus 22 part-time pupils in the Nursery.

## Accommodation and Staffing

In total there are 12 classbases, eight of which are in the main school building and four are within demountable classrooms. All classrooms have their own practical areas and interactive whiteboards or interactive touchscreens. The school has a hall/dining area, an ICT suite, library general purpose/resource room and is set in very attractive grounds with extensive field areas.

In addition to the headteacher staffing currently stands at 14 teachers. There are teaching assistants and special support assistants in each classbase, HLTAs, a school business manager and two clerical assistants.

There is an in-school breakfast club and an after school club which is maintained and run by an outside provider.

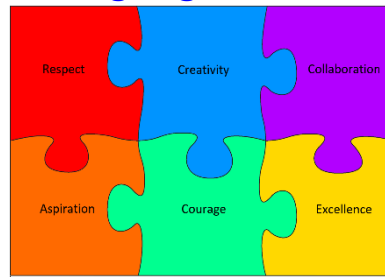

School meals are tendered out to Telford & Wrekin Council's Education Catering Services and are cooked on site. All cleaning arrangements are tendered out to Telford & Wrekin Council's Education Cleaning Service.

## Our Philosophy

Here at Randlay Primary School & Nursery we welcome children, their parents and carers into a friendly, happy and hardworking environment where respect for others, positive attitudes towards work and behaviour are encouraged and nurtured.

Randlay Primary School & Nursery is where all children are valued and where all staff work hard to help every child reach his or her full potential. Children work in a very caring, stimulating school environment and respond well to the school's positive discipline policy and the school's ethos of 'Working Together as One' whilst underpinning our key values Respect, Creativity, Collaboration, Aspiration, Courage and Excellence.

## **'Working together as one'**

All members of staff, both teaching and non-teaching, are committed to providing a broad, balanced and relevant education for all the children within a supportive and caring environment. They seek to build the self-esteem of all children through a policy of equal opportunity. All staff work hard to ensure that relationships throughout the school are based on mutual trust and respect as the school strongly believes that it is through secure relationships that the children respond with positive attitudes and understanding of their work and to others.

The parent body is very supportive of the school and works in close partnership with the school philosophy that all children have a right to succeed and that all children have a right to an excellent education. Parents are encouraged to take part in their child's education and are welcome into school whenever possible.

We are keen to appoint somebody who feels that they share our "Working Together as One" philosophy and is excited to join our happy, vibrant and caring school. If you think that this could be you, please complete the enclosed application form (no CVs please) with a supporting letter of application.

With best wishes

*Lynda Stolic*
